Legislation At A Glance

From the School House to the Indiana State House

An extended learning opportunity for Indiana youth, this *day at the legislature* brings classroom learning to life in our state's capitol building, and affords youth leaders interactive, experiential application of policy in the making. This program affords students a vehicle for experiencing first-hand the legislative intricacies of policy and decision-making in our state government. Students will have the opportunity to hear from elected officials from different offices within the State House, and debate a current bill amongst their peers!
