Tumbling	10		Technique Height of Skills Body Lines/Form Landing Variety
Overall Routine Difficulty	10		Challenging Achievable Balanced - incorporates elements of all the above captions
<b>TOTAL</b>	<b>50</b>		

Comments:

All-State Individual Competition: The All-State Team will be chosen from video recordings (either electronic files or DVD) submitted to the IASP office. All-State Individual competition will be limited to members of the current school year graduating class, but there is no limit to the number of seniors who may compete from each school. Total performance time may not exceed one minute. Music is not required, but if used may not exceed 30 seconds of the performance. A verbal cheer portion is required. Proper use of props is allowed. A judging team will designate the top 12 scoring entries as the All-State Cheer team. Each All-State Team member will be awarded a \$250 scholarship, and an All-State Team patch. Each of the 12 members will be invited to participate in an exhibition performance at the end of the State Finals Competition. Score sheets for all competitors will be given to coaches. Those entering the All-State Individual Contest will submit a video recording to the IASP office by the date listed on the competition entry form. Video submissions must be labeled with the school and individual name. All stated contest rules and NFHS rules apply. Individuals may perform their routine as many times as desired to achieve their best effort, however, only one video per group will be accepted for judging. Although a professionally filmed video is not expected (only one camera should be used) please remember to send a recording with clear audio and visual quality. DVD submissions must be on a standard size DVD (not a mini-DVD), and playable on a standard DVD player. Please test your submission on a DVD player, not on a computer. Submissions must be of a continuous one minute routine (not a longer routine edited to fit the time restraints) Edited submissions will not be judged. All-State Individual competitors must also be members of a squad participating in a team event.
