Obvious Bobbles/Mistakes (0.5 point):

Obvious mistakes are those the audience could see. Deductions are given when an error draws the audience's eye and detracts from the effect of the routine.

Examples: hand(s) down on tumbling; obvious missed skills; shaky stunts/pyramids; incomplete twisting cradles; memory mistakes involving obvious execution of incorrect moves; etc.

- Balance checks when stunting are NOT a deduction. A top person losing their grip and dropping their foot from a body position IS a deduction.
- Deductions for boundary violations will be taken only if there is not an immediate attempt to return to the competition boundary.
- Deductions for inadvertently stepping on props will be taken at the judge's discretion.

Major Mistakes (1.5 points):

Major errors during technical skills.
Examples: drops from individual stunts; drops during tumbling skills; illegally inverted top person (at judge's discretion)
- Deductions for obvious occurrences of stepping on props will be taken at the judge's discretion.

Major Falls (2.5 points):

Major falls during technical skills or other obvious severe mistakes.
Examples: multiple falls in a single sequence/series by a single structure, pyramids that fall or are severely missed
